Subject: This will be discussed today at mtg on state assumption with John
Attachments: 191024 Draft EPA-ADEQ MOA sent to EPA.docx; ATT00001.htm

The amendment is concerning and we have told AZ this is not consistent.

Subject: Edit to Draft EPA-ADEQ MOA

All,

We want to supplement our previous draft MOA with two additional definitions. The following definitions have been added to the draft MOA, and are highlighted in yellow.

(7) "Director" means the Director of ADEQ.

(12) "Permit" means an instrument issued by the Director or the Corps that authorizes a discharge of dredge or fill material within State Assumed Waters, consistent with the requirements of 40 C.F.R. Part 233, Subpart C. The definition of Permit does not include a subsequent authorization to discharge under a General Permit

All other sections of the MOA remain unchanged. Please incorporate these additions to your review of our draft MOA. Please find an updated copy of the latest draft MOA attached to this email.

Does EPA have an estimate for when they would be prepared to discuss its proposed edits, additions, and comments to the MOA?

Thank you,

--
